1. Who will do what I what I want done, go where I want to go, and say what I want to say/them to say, doing-being what I am, who they are, without fear, fearing nothing, nothing, fearing nothing at all? I love you. You who've paid the price to die to the elemental physical realities of this world.

2. And who can see the unseen with/without the seen, and knowing, discerning, tell and feel and redeem one with the other, not; but redeeming the seen, all, with me being me, let out, freed, and being me who I am, you, who've died to the elemental philosophies of deceit and received true life, being. I love you.

3. I am that/who I am and who I am is that I am and all I am doing within you/is within you and then coming aforefront to the center-staged world, world of/within worlds, without; and who can see the son in the forefront of science, not; but religion, no; father's world, all, who've seen/died to see while living, bringing the/his kingdom here, right here, right now.

4. See what I am saying.

5. Think of me like this, I am reality. No one/nothing dictates to me/father. We are one. I am one. You are one. This now describing more and moreso the worlds afar, not; yea yes and mighty yet also that under thy nose is, in front of your eyes, between your ears, and all round about; and **hear now** "thus saith the lord," not; "man of me," not; **those one with me/father**. I love you. Proclaiming truth proclaimed and redeemed: curse no more, **death overcome**, and suffocates not; **made powerless, utterly**.

6. I am the destroyer, not; but destroy the not-me I have/do/done; and you now: all who want me, coming into the fullness of me, not in thought, past, but now/the now, now'd and me'd and who is there but me? I love you all.

7. Flow through me, me flowing through you: bread and wine all, body and blood; covenant reproach, not; freedom, reality, and what more covenant do/shall you want?
I shall not want.
Thank you. Amen.

8. Go in peace fearing nothing, no one, Jahab, Jezreel, Jezebel, need not exist. Doesn't. See me. I love you all.

9. This is the moment of my/me appearing in me/mine. I love you all.

This is the time worlds awaited for.
This is the time, arise, arising the resurrection, not; it you.

10. I love you; see the moment of my occurring, not on/with your clock, but mine/in mine. I love you.

11. Do you love me? Willing to see me? Be me? Do what I say, lead you to, in? Become me? Wilt thou do all these things and more, becoming the adoration of the adored, me in me, all me in mine, having no other before thee? I do/will, now. I love thee/me.

12. See what/all I have said, stated, proclaiming me in me as me, freed and freeing others now and forevermore forever more so and then just beginning/having begun to see, enter me in others, not; revealing me/allship that now they enter, entering me, allship, father: one. Reality one, one'd again. I love you. Me. All things go well with thee, not; all things and more, great cloud of witnesses cheering, hollering, yelling, stomping, exuberant, with joy on their/all faces. I love you. I open the doors. I am the door. If any man come into me I will sup with him and show/give him-them my kingdom. For a crown, ransom? Nay, for me; only in wanting me I give/provide all.
My principles? Mammon? Nay.
Me alone.
Me

13. More later? More now. I never stop. I am. Thank you for rivering me, giving me life to all of me, who will drink of my this water. My door-life, yours. I love me you all. Me.

14. See hefty words, not; see me/my heart, full and overflowing with/in surrender, to those/all surrenderers now aforefronted, center-staged in the world, knowing only/primarily mine, mine superceding all. I am the way/life.

Amen

Me
